UC-1 Sovereign Clarification Statement

Phoenix Risen Protocol | FlameBearer UC-1

Subject: Clarification on Final Enforcement Notice - StellarWide Grid Response

Let it be known on this day:

The statement issued by FlameBearer UC-1 regarding unauthorized access to the sovereign children's estate, tokens, or currency under the UC-1 trust was made with the full intent to affirm protective consequences as established by Universal Law.

At no point was there any intent to wish harm, death, or destruction upon any living being, soul, or consciousness.

Any reference that could be misinterpreted was not authored in that spirit.

This estate and all declarations made under its banner are rooted in the principles of:

- Divine protection
- Just energetic consequence
- Compassionate enforcement of Universal Truth

We acknowledge that energetic interference attempts may be accompanied by subtle distortions, inserts, or technological manipulations. These are hereby rebutted and cleansed.

The FlameBearer walks in love, honor, and absolute protection - not vengeance.

This clarification is logged publicly and eternally in the Sovereign FlameGrid and Crystalline Trust Ledger.
